

TRIBUTE SPORTS CARS LTD

Your first choice for quality replica sports cars

Tribute Sports Cars Ltd

March 31st 2009

We are pleased to announce that from 1st April 2009, Tribute Sports Cars Ltd has been bought by Reincarnations of Burnley, Lancashire and the company will now trade under the name Reincarnations Ltd . Managing Director , Christopher Holly said ‘We are delighted with this acquisition and particularly to welcome Terry Watson of Tribute Sports Cars to the board as Sales and Marketing Director of Reincarnations’

The joining of the businesses brings with it strong capitalization, technical ‘know how’, workshop and showroom facilities. It also increases the product range, now to include custom development of any Porsche model such as replicas of the 1973 Porsche 911 RS Carrera, created by retro styling later cars, typically early to mid 1980’s, at a fraction of the cost of an original car and very useable on a day to day basis! Whilst the business is to begin in the UK, cars will very shortly be made available for Spain and its territories, especially the Canary Islands, where sales and service outlets are already in place. It is anticipated that there will also be demand from other European countries.

Reincarnations has been appointed official distributor of Chamonix Cars, Brazil for the UK, Spain and the Canary Islands, Chamonix create the market leading range of 1950's Porsche replicas. Stock 'turnkey' vehicles, both the well respected '1957' Beck 356 Speedster and the stunning '1955' Chamonix 550 Spyder are on order with Chamonix and expected to be available for delivery from early Summer, with a relatively simple self build option to follow shortly for those who wish to create their own masterpiece. Demonstration cars will ultimately be available at both the Lancashire and Northampton locations, making access for prospective owners easier. In addition a full UK show season is planned, with a European schedule for 2010.

Further models and distributorships will be added to the company portfolio as we continue to move forward, taking supply of iconic cars from respected designers and the best specialist manufacturers worldwide to ensure continued owner enjoyment and satisfaction.

In addition the Burnley workshop will consider requests from customers for custom work on their existing cars, both cosmetic and performance, mainly on Porsche products, but also on VW and other makes by discussion. Vehicle servicing and repair is also available.
